Subject: BERA SAP RTCs and next steps
Attachments: Aerojet BERA SAP Wet Weather RTCs.pdf; Aerojet BERA Wet Weather SAP.pdf

Hi Everyone –Attached are AR's responses to those Agency comments that impact the wet weather sampling event and a document that presents the changes to the SAP to implement the wet weather field investigation. Please review these prior to next week's call. By the end of the call, we would like to have approval of the wet weather sampling plan in order to capture this year's wet weather sampling period.

Please forward to other team members attending next week's call (February 23, 2pm PT).

Thanks, Chris

Christopher M. Fennessy, P.E.
